OTTO SCHUTZE,
Observer, U. S A.

WE should not hesitate to recommend to any friend of ours, Parsons' Purgative Pills; they are scientifically prepared, and are adapted to all the purposes of a good purgative medicine.

Decidedly the best remedy that has ever been discovered for the rheumatism, swollen, or stiff joints, flesh wounds, sprains, bruises, cuts, and burns, is Johnsons' Anodyne Liniment. We use it, and always recommend it to our friends. apr 23—d6t-w1t

No Discharge in that War.

BY REV. W. J. PARKINSON.

Business man, why do you hurry so; why is that sweat drop upon your brow; why that anxious face, why that stooped form, bent with care? Don't clutch those stocks so tightly; don't spend so many sleepless nights about that farm; don't let them houses worry you, you have not a "quit claim" deed to any of them, nor a "fee simple" in them only a life estate, and perhaps not that.—They are God's and the above are his words, *no discharge in that war*. That is, the war of death; the "black-eyed monster" is on your track; he has already entered your house. Where is that little child? Where that loving wife? Where that dear parent? Gone in the grave; returned to dust. And where are you? Rapidly pressing after them. No discharge in that war.

You say I am a fanatic. Is he a fanatic who saves you from death? Is he a fanatic who only speaks of, and directs you towards your highest interests? If either of us is such, is it I or is it you? I leave the question, but beseech you to heed the counsel. Has life been what you had hoped? Have no thorns grown by your pathway? Is it all a flowery bed of ease? O, sinning man, dying man; wretched man, prepare to meet thy God; live for eternity; you will soon be done with time, for there is no discharge in that war.

A few days since, I took up my morning paper. Great black lines went from top to bottom. "What is the matter," said my neighbor, at the breakfast table, "why is the journal in mourning?" "An ex-Governor of your own State, North Carolina, is dead." He was a good man, true, said the papers. But this would not keep him. No discharge in that war. Dead! dead! dead!

Put your ear against the ground under your feet, and you can hear the solemn sound as it rumbles in the bowels of the earth, amid the bones of your own, and other fathers and friends.—Kings are there, and peasants. Presidents and people. Gone, all gone, and we are going. God help us to be ready, for there is no discharge in that war.

"Cease not to warn every one, night and day."

The Lord willing, I shall preach in the street, at the head of the Market Sunday next, as last Sabbath, at 4½ o'clock p. m., and may God add his blessing.

REAL COOL this afternoon.

A manufacturing machine—a local editor.

MUNSON & Co. speak for themselves in to-day's issue.

NO NEWS scarcely, stirring to-day. We can't help it.

THE storm Signal is flying to-day at the weather observatory in this city.

THE Republican County Convention meets in this city on Saturday, May the 8th.

THUNDER, lightning, rain and wind, were plentiful in and around this city last night.

ELIJAH HEWLETT, Esq., announces himself in this issue as a candidate for County Treasurer.

SUPERIOR COURT, after an adjournment of one afternoon, convened again this morning.

"JIM," at the National, sets forth every day, a "gorgeous" free lunch. Of course we have been there.

IT IS said that the loss by fire on Monday night will amount to nearly, or quite three thousand dollars.

IT IS HOPED that Rev. J. R. Wilson, D. D., will soon assume the pastoral charge of the First Presbyterian Church in our city.

FIVE HUNDRED and fifty dollars for each exhibition, has frightened the circus agent away from our city. It's all for the best.

SOUND PARTY.—A Sound party was to have been given to-day, by a number of ladies and gentlemen, but it has been postponed on account of the weather.

A NUMBER of ministers and delegates in attendance to the Lutheran Synod, which convenes at St. Paul's Church, in this city, this morning at 10 o'clock, arrived on the trains yesterday and this morning.

EARLY.—The first "snap" beans of the season were in market this morning at the store of Mr. Thos. H. Smith, on Market street. From present appearances, we are fearful that the crop will be cut short, as the weather has a decidedly "frosty" aspect.

ALMOST A FIRE.—On Monday afternoon about 5 o'clock, a wooden building at the depot of the Carolina Central Railway caught fire from the sparks issuing from the yard engine, but fortunately it was discovered in time to prevent a conflagration. This was the third alarm of fire given on Monday.

PALACE OF INDUSTRY.—All should bear in mind that to-night, this beautiful Operata will be presented at the Opera House, by over one hundred ladies, gentlemen and children, among which are some of our best musical talent. It is given for a very laudable object, and we hope that their exertions will be appreciated by a rousing house.

WENT TO THE BOTTOM.—Yesterday afternoon a colored man, (and a fisherman) while standing in his skiff, at the foot of Market dock, quietly vending his *perch*, the skiff suddenly careened, and the contents of the boat, viz: paddles, perch, bait, bailer, greenbacks and man, disappeared beneath the waters of the classic Cape Fear, but upon emerging to the surface, the fisherman was pulled out by his friends, and was soon on his way home, rejoicing that he had been saved from a watery grave.

WE LEARN that David Martin, the boy convicted of the murder of Willie Carter, at the October term of the Superior Court, will be sentenced to execution to-morrow morning at 11 o'clock.

In this connection we learn that a petition has been addressed to the Judge to select some other day than Friday for the execution. How the Court can get around an immemorial custom remains to be seen, but there seems to be considerable feeling against the continuation of it.

A whale was captured on the coast near Morehead City a short time ago, which yielded twenty-seven barrels of oil and a large lot of whalebone.

Wilson is making rapid strides. New banks, stores, residences, &c., are going up rapidly.

Mayor's Court.

His Honor W. P. CANADAY, Mayor, presiding.

Only one case before this Court this morning:

One person, whose name we withhold, charged with disorderly conduct. Case dismissed.

To the Republicans of North-West Township.

FRIENDS:—Let us hasten but slowly; let us be zealous and discreet. Your meeting of the 25th of June, at Brinkley's Station, appointing and instructing delegates to the County Convention said to be held on the third Monday in May, at Smithville, was premature and precipitate. No Convention has yet been publicly called, and, for reasons that you will find ample and satisfactory, none is to be called for the third Monday prox. The Executive Committee of your county, through their chairman, will, in proper season, announce the time and place of the County Convention. The only one to be held during the campaign. Until then be vigilent and keep your powder dry.

E. M. ROSAFY,
Ch'n Ex. Committee.
SMITHVILLE, Brunswick Co., Apr. 28.

To ——. [This singular letter was sent by Robert Burns, it is believed, to a critic, who had taken him to task about obscure language, and imperfect grammar]:

ELLISLAND, 1791.

Thou ennuch of language; thou Englishmen, who never was south the Tweed; thou servile echo of fashionable barbarians; thou quack, vending the nostrums of empirical elocution; thou marriage-maker between vowels and consonants, on the Gretna-green of caprice; thou cobler, betaking the flimsy socks of bombast oratory; thou blacksmith, hammering the rivets of absurdity; thou butcher, imbruing thy hands in the hands of orthography; thou arch-heretic in pronunciation; thou pitch-pipe of affected emphasis; thou carpenter, mortising the awkward joints of jarring sentences; thou squeaking dissonance of cadence; thou pimp of gender; thou Lion Herald to silly etymology; thou antipode of grammar; thou executioner of construction; thou fraud of the speech-distracting builders of the Tower of Babel; thou lingual confusion worse confounded; thou scape-gallows from the land of syntax; thou scavenger of mood and tense; thou murderous accoucheur of infant learning; thou *ignis fatuus*, mistending steps of benighted ignorance; thou pickle-herring in the puppet-show of nonsense; thou faithful recorder of barbarous idiom; thou persecution of syllabication; thou baleful meteor, foretelling and facilitating the rapid approach of Nox and Erebus. R. B.

CHARGED WITH ARSON.—Mary E. Ryburg, wife of Charles Ryburg was arrested last night on a warrant issued by Justice Cassidey, and imprisoned on charge of arson. The case will probably be heard before Justice Cassidey this afternoon or to-morrow morning. Our readers will remember the fire that took place on Sunday night about 12 o'clock, on the 19th inst., which destroyed a dwelling, the property of Mayor Canaday, situated on Brooklyn alley, between Nixon and Swann streets. The house was occupied by Chas. Ryburg, and a white woman by the name Margaret E. Skipper, who occupied the other half.

Ryburg succeeded in getting an insurance of $750 on his furniture, in the Phœnix Company, of which Messrs. Taylor & Giles are the agents. It seems from the testimony of Margaret E. Skipper that the furniture was removed from the house on the night of the 17th inst:, to the house of one Wilson Muzon, on Fifth, between Walnut and Red Cross streets.

The man and the two women, took the train on Saturday morning, the 18th, inst., the women stopping at Abbottsburg, but the man going on to Shoe Heel; the women returned to this city, but Ryburg has not. It also appears from the thstimoney of the woman Skipper that several baskets of dross were placed under the piazza, by which means the house was set fire to. The women now lie in Jail, but the man has not been apprehended as yet. No doubt more facts will be brought to light, upon the examination before Justice Cassidey on to-morrow.

A Chicago minister is affectionately advertised as being "out of a job."

Raleigh groans under 12 base ball clubs.

Iredell county has a duck which lays black eggs.

Capt. Benjamin Robinson has been nominated by the Republicans of Fayetteville as Mayor of that city.

Col. Brown, of the National Hotel of Raleigh, has been regaling the newspaper men of that city with the best of spring edibles.

The *News* of yesterday says: We regret to learn that the tobacco manufactory of Messrs. Lyon & Bro., at Kittrells, was destroyed by fire yesterday, involving a loss on that firm of $2,000. It is generally believed that the fire was the work of an incendiary, and certain parties are suspected of the fiendish and diabolical act.

The Newbern *Times* of yesterday, says: "Somewhat to the disappointment of a certain interested few, and to the surprise of many, George Green, who was appointed Receiver of the Atlantic and North Carolina Railroad by Judge Clark on Saturday, did not assume charge of the Road on Monday morning as was expected. When the knowledge of Green's appointment reached President Stanly (late on Saturday night,) he concluded that rather than proceed to suit, which would entail costs, and cause considerable feeling that it were better to withdraw his opposition to Mr. King and his Directory, and information of this determination was accordingly conveyed to the proper parties. The result was that Judge Clark revoked the order appointing Greed, and Mr. R. W. King accordingly assumed the Presidency of the Road yesterday morning. Thus is the great Railroad war ended, without bloodshed, and, we trust, without much hard or unkind feeling. Those interested breathe freer and the general opinion is that "the country is safe." Mr. King, the new President, has had some railroad experience, having been a member of the Road Directory since 1863, and will no doubt make a good and acceptable President."

The Logan-Sykes Couple.

Olive Logan, who left the coulisses on account of her deafness, afterward took to lecturing. She was for some time the wife of Henry A. Delille, but as they grew heartily tired of one another they had no difficulty in going apart. Mrs. Delille, that was, waited until Wirt Sykes, who had long been her puffer-general, could be legally released from his wife and children, when she espoused him, and so confused the nomenclature of the family that it is impossible to determine whether she is Mrs. Wirt Sykes or he is Mr. Olive Logan. He is the most audacious and unblushing advertiser extnaet. He roams over the country and fills the rural newspapers with paragraphs relating what the crowned heads of Europe have confidentlly whispered to Olive Logan, while she accompanies him, and the assumption of lecturing, paces and grimaces on the platform, and exhibits an alarming expanse of teeth, at a dollar a head. This extraordinary pair is abroad now, but lyceum committees live in daily terror of their return.

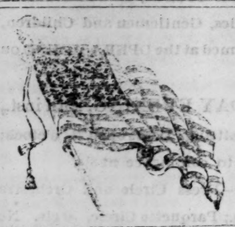
Correspondence solicited from our friends on all parts of the State, on topics of general interest. Political news and reports of crops are especially desirable.



Women and the Republican Party.

A correspondent in Monday's Post refers to the amiliorated condition of the female sex under constitutions and laws framed and administered by the Republican party. He does no more than justice to the high deeds done by that organization not only for woman, but for all classes who have suffered oppression under the forms of law. Landmarks which were the finger posts of tyranny for centuries have been obliterated by the advancing legions of progress, and while much remains to be done, the past, at least, of the Republican party, is secure. Its grand achievments entitle its leaders to be ranked among the greatest benefactors of the human race.

The legal rights which women held in North Carolina under the Constitution of 1835 were extremely circumscribed. Married women were the slaves of their husbands so far as her rights of property were involved. What she had belonged to him. Her property was taken for his debts; and should she have been unwilling to consummate a marriage without securing her rights to her property, complex forms of law were resorted to, in order to do it. The Republican party changed all that by the 6th section of the 10th article of the Constitution, which reads thus:

SEC. 6. The real and personal property of any female in this State, acquired before marriage, and all property, real and personal, to which she may, after marriage, become in any manner, entitled, shall be and remain the sole and separate estate and property of such female, and shall not be liable for any debts, obligations or engagements of her husband, and may be devised or bequeathed, and, with the written assent of her husband, conveyed by her as if she were unmarried.

Thus at one blow was cut the chain which made the wife the captive of her husband, and in all legal rights as to property, made her his peer.

A Dissatisfied Bride.

The union of the illustrious houses of Guelph and Romanoff which was but a few short weeks since celebrated by poetry and eloquence, threatens a gloomy sequel. The youthful bride of the imperial house of Russia finds a crumpled rose leaf to disturb the perfect repose which she supposed would be her lot through life. The English Court does not yield her the homage to which her birth and position, she fancies, entitles her. She finds that there is an elder brother of her husband who, as heir apparent and Prince of Wales, is granted a superiority to her husband. This hateful elder brother has committed another flagrant wrong against the only daughter of the autocrat of all the Russias. He married many years ago, a Princess of Denmark, one of the most beautiful women of Europe, and one much beloved by Englishmen.—Now the Russian Princess has no beauty to boast of, and Englishmen are not passionately attached to anything Russian. The Queen, too, has some daughters whom she loves nearly, or altogether as well as she does her new daughter-in-law. The Duchess of Edinbugh has accordingly written to her papa, who in turn informs the English Court that the state kept up, and position made, for his daughter is not what he had a right to expect.

This marriage which was stated would be a bond of friendship between the two nations, may sooner or later precipitate the difficulties which it was hoped it would heal.

The Mississippi Overflow.

The relief committee of New Orleans has a letter from a gentleman who has visited the inundated district. He estimates the destitute people at twenty-five thousand. The extent of the damage which has resulted from the great overflow is just beginning to be fully understood. That it was vast was readily conceived, but that it should involve five millions of acres and a population of 178,000 was beyond the reasonable calculation; but such is really the case. The parishes of Carroll, Morehouse, Richland, Madison, Franklin, Tensas, Caldwell, Concordia, and Catahoula are all overflowed, and they embrace fully 2,500,000 acres. The amount of cotton land in these parishes is a quarter of a million acres, besides one hundred thousand acres in corn. These estimates include only the large places, leaving out hundreds of small farmers, and all estimates for hogs cattle, and gardens. In the sugar producing parishes ascertained facts discover an equal if not a greater amount of ruin and suffering.

It is impossible to give an idea of the extent of the overflow at Monroe. the town is an island two and a half miles long by half a mile wide, from which there is no exit except by boats or swimming. From the crossing of Railroad and Desard streets back is one wide sea. Boats come and go from Oakleys. The people living in the rear have been driven in. All the vacant houses have been taken, and several families are living in the court House. Business is almost completely suspended, but the houses are open. Fully one thousand persons have not rations for three days, nor money to buy with. Stock of every description, gathered in the town are starving. There are no crops to speak of, and not five days' work has been done along the river for four weeks. In the hills the land is washed badly, and what has been done towards making the crop has been labor thrown away. What the people are to do God alone knows.

Although Congress passed a bill for the relief of the sufferers by the overflower on the lower Mississippi, it has been found that no supplies can be spared from the various military stations in that region. Therefore the Secretary of War, after private conference with the President, directed the Commissary of Subsistence to purchase 500,000 rations of meat, flour, beans, and rice; and to carry the law into effect asks an appropriation of $90,000. The estimate is based on an issue to 20,000 persons for twenty-five days.

At New Orleans the river is falling, and is now two feet below high water. From five to seven days' mail are due from Northern, Eastern, and Western cities. The New York mail of the 15th and some of the 20th have been received. The intervening and subsequent dates are missing. The Mobile and New Orleans Railroad lose a bridge or have a wash-up every few days, and seem to display more energy in choking off information regarding mishaps than they do in getting over breaks.

Two at least of the important bridges are gone between this city and Mobile. The Jackson route also is in a bad condition—bridges are gone, and a portion of the track is submorged.

At Monroe the river has risen over an inch in twenty-four hours. Another break in Pargoud's upper levee has precipitated a heavy volume of water on the back part of the city, and the rise there at the same time has been five inches.

The water has backed up in ditches nearly to the Hunsacker Hotel. In some places on the river front the water is from six to fifteen inches above the street, but has been leveed. The rear of the city is filling up fast. About five squares on the average from the river front to the overflow being out of water the whole length of the city.

The people continue coming in from the rear as the water approaches. The The sidewalks and streets are the only pastures for stock. The loss of cattle and hogs by the overflow is very great. The sun shone all day, and there is a prospect of better weather. There is no intelligence from above, but another rise is expected from the recent rains.

A Buman Ostrich.

A very singular accident which took place the other day is now interesting the medical faculty of Paris. Mons. L., one of the clerks of the new and huge dry-goods store, Le Primtops, accidentally swallowed a fork, and survived the accident, though how he escaped choking to death is more than I can imagine. He was taken at once to the Hospital De la Pitie, where he is now, surrounded by the care and attention of the entire faculty, he being at present one of the most interesting of possible subjects. Careful soundings have failed to reveal the whereabouts the unwelcome intruder, but it is supposed to be somewhere in the neighborhood of the liver. A new instrument is in process of construction wherein an operation is to be attempted, and meanwhile the patient is kept perfectly quiet and on low died, and is frequently dosed with antidotes against the poisonous principle of the corroding metal. Twenty of the most celebrated of Parisian doctors are to assist at the operation. Notwithstanding all this, the poor fellow keeps up his spirits, smokes, laughs, talks, and makes innumerable jokes upon his singular situation. It is to be hoped that the new instrument and twenty doctors combined will enable him to "fork over" without losing his life by the operation.

Pleasant Whitewash.

The reason of the year has returned when the inquiry for good whitewash are raised. We give the following as excellent: Take half a bushel of excellent bunrt lime; slake it with boiling water; cover it during the process, to keep in the steam. Strain the liquid through a fine sieve and add to it seven younds of salt previously well dissolved in warm water, three pounds of ground rice boiled to a thin paste and stirred in boiling hot, one-half pound of powdered Spanish whiting, and one pound of clean glue: which has been previously dissolved by soaking it well, and then hanging it over a slow fire, in a small kettle within a large one filled with water. Add five gallons of hot water to the mixture, stir it well, and let it stand a few days covered from dirt. For this purpose it can be kept in a kettle on a portable furnace.—About a pint of this mixture will cover a square yard.

School Teachers' Vacation to Europe

It will be remembered that last June the steamer Victoria sailed from New York with one hundred and forty-eight school teachers and professors on board of her, bound for Vienna and a tour of Europe. These teachers came from twenty-seven States in the Union, and seventy-eight were ladies, without male escort. They were enabled to make the tour at about half the rates charged to ordinary persons, through the arrangements of Cook, Son & Jenkins, of 261 Broadway, New York, the celebrated Tourist and Excursion Managers. How successful the excursion proved, and how delighted the members were with the many beautiful and wonderful things, in art and nature, they saw in Ireland, in Belgium, on the Rhine, in Switzerland, in France and London, we will leave them to tell; we merely desire to give, as an item of news, the information that this firm are repeating this year the successful experiment of last year, and have chartered the new and magnificent steamer Bolivia, which will sail from New York on June 30th next. with another Educational Party, composed of Teachers, Professors, Ministers and others engaged in educational work, for an excursion to the Giant's Causeway, Glasgow, Oban, Fingal Cave, Iona, The Caledonian Canal, Iverness, Stirling, Loch Katrine, The Trossachs, Loch Lomond, Edinboro, Melrose, Abbottsford, Alton Towers and London. The party will be conducted from New York to London by Mr. Thomas Cook in person, and will carried in special trains and special boats.

In London, the party will be divided into three sections: the first will go only to Paris, and after spending ten days in that city, will return to London, Glasgow and New York—though any who wish may remain longer. The second section will go to Antwerp, Brussels, Cologne, up the Rhine to Weisbaden, Heidelberg, Baden Baden, Strasburg, Bale, Lucerne, over the Bernese Oberland to Giessbach, Interlacken, Berne, Freiburg Lousanne, Bouveret, Martigny, Tete Noir Pass, to Chamouny and Geneva; thence to Dijon, Fountainbleau, Paris, Rouen, London, Glasgow, and back to New York.

The third section will proceed as far as Weisbaden and Mayence, under the programme of the second, and will then strike off to Munich, Innsbruck, Verona, Venice, Bologna, Florence, Rome, Civita Vecchia, Leghorn, Pisa, Turin, and Milan; thence over the St. Gothard Pass to Lucerne, Interlacken, Berne, Geneva, Paris, London and New York.

The prices for these three sections are respectively $350, $450 and $550 gold, and include everything for the Tour—hotels, first-class traveling, and all necessary expenses. Already nearly fifty names are enrolled, the majority of whom are ladies.

Particulars of this Tour can be learned from the Agent of the Anchor Line in New York.

EDITOR AND MANAGER.

Published every evening, except Sunday, at

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC, BY MAIL, COMMERCIAL AND LOCAL

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city.

Politically the POST is

UNSWERVINGLY REPUBLICAN.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

Prospectus for 1874—Seventh year

THE ALDINE

An Illustrated Monthly Journal, universally admitted to be Handsomest Periodical in the World. A Representative and Champion of American Taste.

Not for Sale in Book or Music Stores

THE ALDINE while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of 'ssteel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The woodcuts of THE ALDIFE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

To fully realize the wonderful work which THE ALDINE is doing for the cause of art cultrue in America, it is only necessary to consider the cost to the people of any other decent representations of the productions of great painters.

In addition to designs by the members of the National Academy, and other noted American artists, THE ALEINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. This the subscribers to THE ALIENE will at a trifling cost, enjoy in his own home the pleasure and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attraction any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West," One is a view in the White Mountins New Hampshire the other gives the Cliffs, of Green River, Wyoming Territory. The difference in the nature of the scenes themselves in a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 16) and appearance exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

NEWARK, N.J., Sept 20th,

Messrs. JAMES SUTTON & Co.

Gentlemen,—I am delighted with proofs the color of your chromos. They wonderfully successful representation by mechanical process of the original paintings.

Very respectfully,

(Signed,) THOS. MORAN.

These chromos are in every sense American. They are by an original American process, with material of American manufacture, from designs of American scenery by an American painter, and presented to subscribers to the first successful American Art Journal. It be better because of all this they will certainly possess an interest no foreign production can inspire, and neither are they any the worse if by reason of peculiar facilities of production they cost the publishers only a trifle, while equal in every respect to other chromos that are sold singly for double the subscription price of THE ALDINE. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost, and will appreciate the enterprise that renders their distribution possible.

If any subscribers should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 11 x 20 inches, representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromos free.

For 50 Cents Extra, the chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the pubilshers, except in cases where the certificated is given, bearing the facsimile signature of JAMES SUTTON & Co.

THE SUN.

—:o:—

WEEKLY, SEMI-WEEKLY, AND DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation, but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more are briefly as follows,

It is a first rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when o moment, and always presented in a clear intelligible, and interesting manner.

It is a first rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste

It is a first rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no collar.—It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and the markets for the men, especially the cattle markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WEEKLY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty six columns. Only $1 00 a year. No discounts from this rule.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. $2 00 a year. A discount of 20 per cent. to clubs of 10 or over.

THE DAILY SUN.—A large four page newspaper of twenty eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or $6 00 a year. To clubs of 10 or over, a discount of 20 per cent. Address,

MARSHAL'S OFFICE,

WILMINGTON, N, C., April 22, 1874.

NOTICE.

I WOULD MOST RESPECTFULLY CALL the attention of the citizens to the fact that the warm and sickly season is near at hand, and it becomes my duty to adopt the most stringent sanitary measures at this particular time to preserve the health of the city and prevent the introduction of disease that may originate from foul and unwholesome matter, filth, garbage, trash and refuse matter which has a tendency to create unwholesome and offensive odors. In order to prevent as far as possible the spread of those diseases peculiarly incident to this season of the year I would most respectfully solicit the co-operation of the citizens generally in placing our city in such a sanitary condition as to render it as far as practicable impregnable, at least to those diseases which originate from foul and unwholesome matter. To this end the entire force of the city will be employed in cleansing, draining, cleaning, disinfecting and removing trash, &c., for at least the next fifteen or twenty days. All persons are requested to have the trash, offal, refuse matter, &c., cleared from their premises and placed upon the streets, whence they will be removed immediately. When it is convenient please use boxes or barrels.

Persons needing disinfectants can have the same free of charge by calling at my office.

The health officers, designated by a yellow rosette, may be notified of any stagnant water standing upon any lot, or damp cellar or anything that would impair the health of the city, and any complaint lodged at this office shall receive prompt attention.

Believing that a proper sanitary condition adopted now at this early season, will insure a healthy summer I earnestly solicit the aid and co-operation of all the good citizens to accomplish this good end.

Respectfully &c., GEO W. PRICE, Jr.,
City Marshal.
